

Euclid::Table::createSingle
ValueVectorColumnData

```
graph LR; A[Euclid::Table::createSingleValueVectorColumnData] --> B[std::vector::push_back]
```

The diagram consists of two rectangular boxes connected by a horizontal arrow. The left box is shaded gray and contains the text 'Euclid::Table::createSingleValueVectorColumnData' in two lines. The right box is white with a black border and contains the text 'std::vector::push_back'. A blue arrow points from the right side of the gray box to the left side of the white box.

std::vector::push_back
