

boost::serialization  
::load\_construct\_data

```
graph LR; A["boost::serialization  
::load_construct_data"] --> B["std::move"]
```

The diagram consists of two rectangular boxes connected by a horizontal arrow. The left box is shaded gray and contains the text 'boost::serialization' on the first line and '::load\_construct\_data' on the second line. The right box is white and contains the text 'std::move'. A dark blue arrow points from the right side of the gray box to the left side of the white box.
